

Good Job Bros:

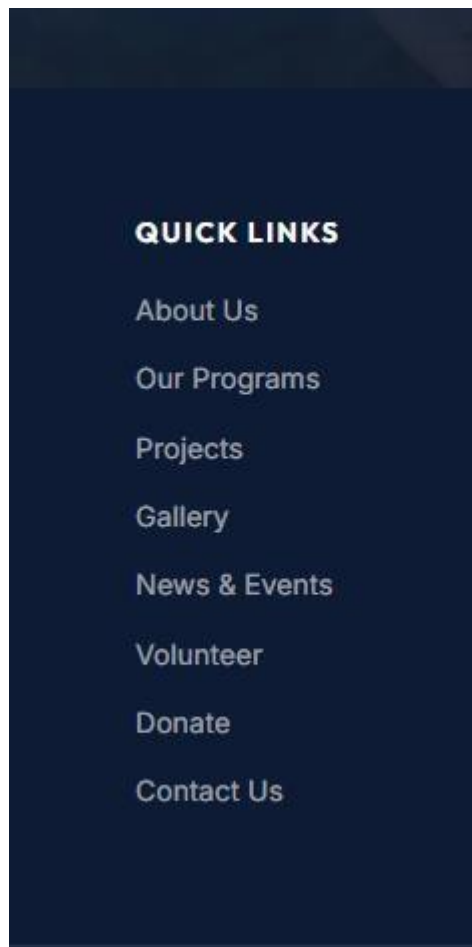

Here are some of my observations

1. All the social media icons should be reasonably bold and each icon should be identical to the media it represent, so that anyone could easily identify it.
2. The phone numbers should be only this: >
+2348065166127 Remove THIS > +2348069099337
3. Social media, such as: “Tiktok”, and “Facebook” where not properly hyperlinked.
4. Is this custom Email active? >>>
donate@sirjohnndukwelegacyfoundation.org
5. At the top (first bar) let the “**Welcome to Sir John Ndukwe Legacy Foundation**” be centralized. And let the Font Style be: “Constantia” also remove the “Address, Phone number, and Email, but the social media Icon should be there.
6. **On the website banner, “Become a Volunteer” & “Donate Now” should be BUTTONS**

7. On this "CONTACT US"

Make the contact Icons be visible enough, if possible, increase the size and change the color to sharp **"Yellow"**

8. On this “QUICK LINKS”.... Please hyperlink them accordingly.
